[A portion of your class fee supports the important mission of the Maine Lighthouse Museum.](#)

Taking good pictures relies on confidence, not luck. With each instructor having over 45 years photography experience, Shirley and Richard will teach you how to “get it right in the camera” and give you the confidence you need. Through classroom lecture and on-location shooting, this workshop will enhance basic photography skills and strengthen compositional techniques. We will explore coastal towns, working harbors, lighthouses, scenic gardens, and just about anything that catches our eyes.

For further information about the instructors or [Lighting the Way](#) photography workshop, go to Shirley Whitenack's website www.diverseimagesphoto.com.
